****PLEASE READ****

"The Home Tutor Register is *only an information service* for parents looking for Tutors, to lessen and streamline employment agency and advertising costs. We do not match employer and employee. All employers are given the same list, and they choose to check references, details etc. themselves. Before accessing any names employers MUST provide us with their Duty Statement and be a financial member of the Isolated Children's Parents' Assoc within the N.T.- if not then a donation of \$100 is acceptable (ICPA membership costs \$45/yr)."

The NTICPA (Northern Territory Isolated Children's Parent's Assoc) does not accept responsibility concerning working conditions or employment contracts entered into between the Home Tutor and the employer.
 The NTICPA Home Tutor Register acts solely as an information provider.

Please do not share the 'list of applicants' given to you by the co-ordinator with other parents.
